

KTH Royal Institute of Technology is coming to South Africa!

Dear Student,

We are delighted to invite you to a special KTH Royal Institute of Technology event series in South Africa, designed to bring together our alumni community and prospective students for an evening of inspiration, networking, and collaboration.

These events combine a KTH alumni gathering and a student recruitment session, creating a unique opportunity to both reconnect with KTH graduates and share experiences with other future students considering studies in Sweden.

[KTH Royal Institute of Technology](#) is Sweden's leading technical university situated in the Swedish capital Stockholm. Since 1827, KTH Royal Institute of Technology has grown to become an international leading technical university. As the largest institution in Sweden for technical education and research, we bring together students, researchers, and educators worldwide. Our activities are grounded in a strong tradition of advancing science and innovation, focusing on contributing to sustainable societal development.

Join us in Pretoria or Cape Town to connect with KTH alumni, meet university representatives, and engage with future students. Each event will feature short presentations and plenty of time for informal discussions and networking. Drinks and light refreshments will be served at both events.

Make sure to register for the events below, spots are limited. We hope to see you there!

- Access the entire invitation and register to one of the two events: [You're invited](#) 

Warmly welcome!

Best regards,
Erika
